Algebra 1 *(Scroll down for Algebra 2)*

Olympia High School 2020-2021
Mrs. Perrotti
sabrina.perrotti@ocps.net

Welcome! I am so glad to have each and every one of you in my class!

Algebra 1 Course Outline

- Q1: Polynomials/Equations and Inequalities/Introduction to Functions/Linear Relationships
- Q2: Systems of Equations and Inequalities/Rational Exponents and Radical Expressions/
Quadratic Relationships
- Q3: Exponential Relationships/Linear, Quadratic, and Exponential Models/One-Variable
Statistics
- Q4: Two-Variable Statistics/Combine and Compose Functions/Sequences

What I expect from you:

1. Be responsible. Be sure your laptop is CHARGED or is plugged in, all assignments should be completed.
2. Be on time.
3. Actively participate. The more you put into it, the more you get out of it. This includes not using a cell phone or being on an incorrect website.
4. Be respectful to your teachers, classmates*, the building*, and yourself.
5. Be honest. This includes that anything with your name on it was completed by you.
6. Ask questions during class or after school.
7. No food in the classroom*. Beverages permitted only with a secured lid.

What you can expect from me:

1. I will assign relevant work designed to prepare you for tests and quizzes.
2. I will keep skyward updated on a weekly basis.
3. I will return your graded tests and quizzes within 2 class days**.
4. I will follow and enforce all school rules.
5. I will treat each of you as an individual human being worthy of my full attention and respect.

Grading:

Grades are determined by dividing your total points earned by your total points possible. The following is a breakdown of how much each item is worth:

Tests**	100 points each
Quizzes**	10 points each
Assignments	10 points each
Homework	10 points each section
Bellwork	points vary according to problem(s)
Projects**	100 - 200 points each

Materials:

Charged Laptop

Stylus (optional)

Pencil or Pen (preferably something erasable)

Paper (notebook or loose leaf)

Calculator (optional – but recommend the TI-30Xa for use on the EOC)

Grade reports will be sent home after every test**, but please also use Skyward regularly.

EXTRA HELP is available after school on Tuesdays and Thursdays. Other days available after school by appointment.

I am looking forward to a great year!

*For face-to-face students

**Tests, quizzes, and projects will only be given if everyone returns to face-to-face

Algebra 2

Olympia High School 2020-2021
Mrs. Perrotti
sabrina.perrotti@ocps.net

Welcome! I am so glad to have each and every one of you in my class!

Algebra 2 Course Outline

- Q1: Introduction to Functions/Linear Equations, Inequalities, and Systems/Quadratic Functions Part 1
- Q2: Quadratic Functions Part 2/Polynomial Functions/Radical Functions
- Q3: Exponential and Logarithmic Functions/Rational Functions/Trigonometric Functions
- Q4: Sequences and Series/Probability/Statistics

What I expect from you:

8. Be responsible. Be sure your laptop is CHARGED or is plugged in, all assignments should be completed.
9. Be on time.
10. Actively participate. The more you put into it, the more you get out of it. This includes not using a cell phone or being on an incorrect website.
11. Be respectful to your teachers, classmates*, the building*, and yourself.
12. Be honest. This includes that anything with your name on it was completed by you.
13. Ask questions during class or after school.
14. No food in the classroom*. Beverages permitted only with a secured lid.

What you can expect from me:

6. I will assign relevant work designed to prepare you for tests and quizzes.
7. I will keep skyward updated on a weekly basis.
8. I will return your graded tests and quizzes within 2 class days**.
9. I will follow and enforce all school rules.
10. I will treat each of you as an individual human being worthy of my full attention and respect.

Grading:

Grades are determined by dividing your total points earned by your total points possible. The following is a breakdown of how much each item is worth:

Tests**	100 points each
Quizzes**	10 points each
Assignments	10 points each
Homework	10 points each section
Bellwork	points vary according to problem(s)
Projects**	100 - 200 points each

Materials:

Charged Laptop
Stylus (optional)
Pencil or Pen (preferably something erasable)
Paper (notebook or loose leaf)
Scientific or graphing calculator optional

I recommend the TI-30XS Multiview, for best performance in class and on SAT/ACT

Grade reports will be sent home after every test**, but please also use Skyward regularly.

EXTRA HELP is available after school on Tuesdays and Thursdays. Other days available after school by appointment.

I am looking forward to a great year!

*For face-to-face students

**Tests, quizzes, and projects will only be given if everyone returns to face-to-face
